

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of the claims in the application:

Listing of Claims:

1. – 10. (cancelled)

11. (new) A textile comprising cotton fibers, wherein the cotton fibers are impregnated with a preparation comprising ethyl 3-(N-n-butyl-N-acetylamino)propionate.

12. (new) The textile of claim 11, wherein the textile comprises a nonwoven material.

13. (new) The textile of claim 11, wherein the textile comprises from 1% to 30% by weight of cotton fibers, based on a total weight of the textile.

14. (new) The textile of claim 13, wherein the textile further comprises from 9% to 80% by weight of viscose fibers, and from 19% to 90% by weight of polyester fibers, each based on a total weight of the textile.

15. (new) The textile of claim 11, wherein a concentration of cotton fibers in the textile increases toward a surface of the textile.

16. (new) The textile of claim 15, wherein a surface of the textile has a cotton concentration of up to 30 % by weight and an inside of the textile has a cotton concentration of up to 10 % by weight.

17. (new) The textile of claim 11, wherein the textile has an average thickness of from 0.4 mm to 2 mm.

18. (new) The textile of claim 11, wherein a degree of impregnation of the textile is from 2.0 g/cm to 10.0 g/cm.

19. (new) The textile of claim 11, wherein the preparation comprises an oil-in-water emulsion (O/W) emulsion.

20. (new) The textile of claim 11, wherein the preparation comprises from 1.0% to 40% by weight of ethyl 3-(N-n-butyl-N-acetylamino)propionate, based on a total weight of the preparation.

21. (new) The textile of claim 19, wherein the preparation comprises from 5% to 15% by weight of ethyl 3-(N-n-butyl-N-acetylamino)propionate, based on a total weight of the preparation.

22. (new) The textile of claim 11, wherein the preparation further comprises one or more anti-inflammatory substances in a total concentration of from 0.1% to 20.0% by weight, based on a total weight of the preparation.

23. (new) The textile of claim 19, wherein the preparation comprises one or more emulsifiers in a total concentration of from 0.5% to 8.5% by weight, based on a total weight of the preparation.

24. (new) The textile of claim 11, wherein the preparation comprises one or more additional insect repellents.

25. (new) The textile of claim 11, wherein the preparation further comprises emu oil and 2-(2-hydroxyethyl)-1-methylpropyl 1-piperidinecarboxylate.

26. (new) A method of making the textile of claim 11, wherein the method comprises impregnating cotton fibers with a preparation comprising ethyl 3-(N-n-butyl-N-acetylamino)propionate.

27. (new) A method of repelling insects from human skin, wherein the method comprises rubbing the human skin with the textile of claim 11.

28. (new) A cotton fiber impregnated with a preparation which comprises ethyl 3-(N-n-butyl-N-acetylamino)propionate.

P29860.A01

29. (new) The cotton fiber of claim 28, wherein the preparation comprises an oil-in-water emulsion (O/W) emulsion.

30. (new) The cotton fiber of claim 28, wherein the preparation further comprises one or more anti-inflammatory substances.
